

ESP32 board (here: WEMOS D1 compatible layout)

Important Note:
Please check the pin layout of your ESP board!
Several versions are available with different pin layouts

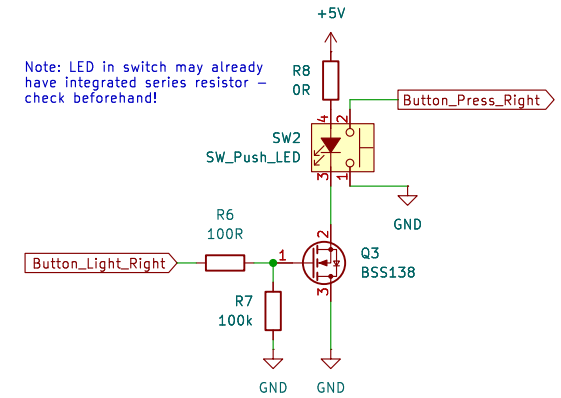

Game Buttons with LED (2x)

Note: LED in switch may already have integrated series resistor – check beforehand!

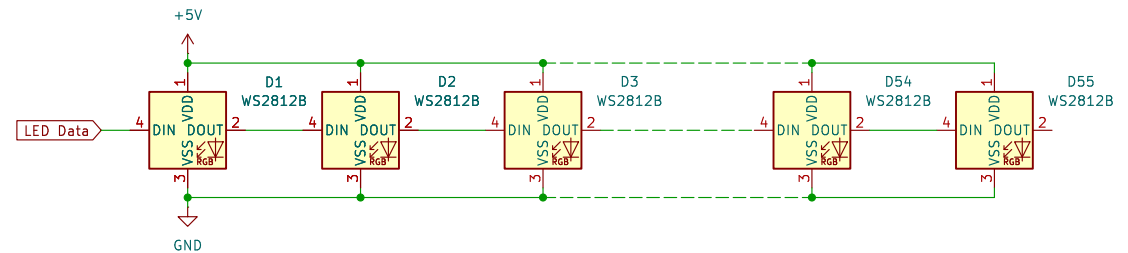

Note: LED in switch may already have integrated series resistor – check beforehand!

LED Strip (WS2812B)

Note: Please make sure to have a proper power supply that can provide sufficient current.
Adding a fuse might be recommended – especially when powering from a battery!
